

Oracle Experts Easy to Work With

DBAK is a leading technology consulting company and Oracle License Reseller focused on helping organizations move their business forward. We're easy to work with, and our straightforward and collaborative approach ensures good communication and success for our customers. Our consultants are senior level bringing an average of 20 years of experience and are known not only for software and technology expertise, but also keen business expertise. Recently named to the Inc. 5000 list, DBAK was founded in 2005 as an Oracle services provider and has since expanded to deliver a range of services that bring the business and technology sides of an organization together. With a global reach, the company currently operates from offices in the Denver, Dallas, and New York area markets, bringing a successful blend of talent, experience, and expertise grounded in core principles of service, trust, and ethics.

"At DBAK, our goal is to focus on solutions that enable our clients to achieve the success they have defined for themselves." - Ed Hut, Chief Executive Officer, DBAK
